## Weekly Curriculum Guide

### Math:

In math, we will begin chapter one. Chapter one focuses on operations and algebraic thinking through addition concepts. Students will receive math homework Monday through Thursday. Homework typically consists of a front and back of a workbook page. Please be sure to review and initial the bottom of your child's math homework.

### Social Studies:

In social studies, we will discuss school rules. Students will bring home their first behavior calendar. Please be sure to initial this calendar nightly.

### Language Arts:

During the first three weeks of school we will focus on a review of the alphabet and letter-sound relationships. This week, students will review the letters: t, b, f, n, m, i, u, e and o. Students will also be assessed on their ability to recall kindergarten sight words. These are the sight words that students should have mastered in kindergarten. A sheet will be sent home documenting your child's score. Please practice and reinforce any sight words on the list that have been highlighted on their assessment sheet.
