## Weekly Curriculum Guide

### Math:

In math, we will continue to explore operations and algebraic thinking through addition concepts. This week, we will focus on ways to make eight, nine and ten. Students will also learn how to find missing parts of ten and ways to identify the difference between true and false statements.

### Social Studies:

In social studies, students will learn how to identify a problem and consider options for solving a problem.

Vocabulary Words: problem, solution

### Language Arts:

In language arts, we will conclude our review of alphabet letters and the sounds that they make. The following alphabet letters will be reviewed this week: L, H, K, V, W, Y, X, Z and Q.

As a reminder, please continue to practice any kindergarten sight words that were highlighted on the assessment sheet that came home last week.
